General Information

| | |
|------------------------------|--|
| Project Name | PRJT000001 |
| Programme Name | Songwe River Basin Development Programme |
| Programme Phase | SRBDPPHase I: Feasibility Study |
| Category | Agriculture and Irrigation to cover 6,200ha and benefit 5,500 farmers |
| Project Objective/ Purpose | The Songwe River Basin Development Programme (SRBDP) aims at implementing a multi-sectoral solution to capitalize on the opportunities available in the basin and enhance adaptation to climate change, mitigating its adverse environmental impacts and the resulting effects on food production. The Programme is part of the Southern Africa Development Commission (SADC) Regional Strategic Action Plan for international water resources management, aiming at fostering cooperation and equitable sharing of benefits of the shared water courses in Malawi and Tanzania. |
| Project Duration (Year) | 2019 -2023 |
| Project Estimated Cost (USD) | 6382694 |

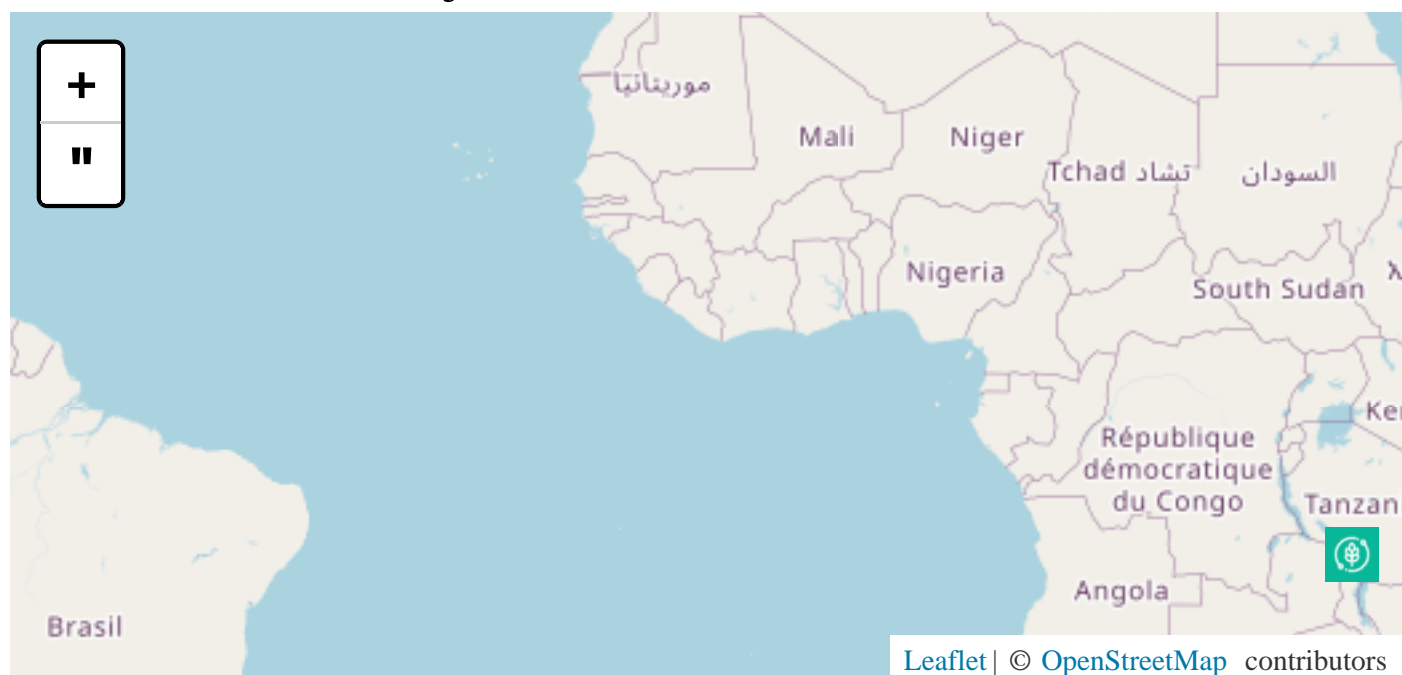

Finance

Financier List

| S.no | Type of Funding | Mode of financing | Financier | Project Cost (USD) |
|------|-----------------------|-------------------|---|--------------------|
| 1 | Public Sector/ Donors | Soft Loan | Global Environment Facility (GEF) through the African Development Bank (AfDB) | 350000 |
| | | | Total | 350000 |

Location & Beneficiary

Location of the Project

| | |
|-------------------------|-----------|
| Latitude | -9.556316 |
| Longitude | 33.94458 |
| District | 4 |
| Number of Beneficiaries | 5000 |

Implementation

| | |
|---------------------------------|---|
| Project Stage | Operation |
| Project Risks | High |
| Project Stakeholders | Yogesh stakeholder |
| Date | 01 Jul 2023 - 31 Jul 2023 |
| Project Objectives and Benefits | OB-The Songwe River Basin Development Programme (SRBDP) aims at implementing a multi-sectoral solution to capitalize on the opportunities available in the basin and enhance adaptation to climate change , mitigating its adverse environmental impacts and the resulting effects on food production . The Programme is part of the Southern Africa Development Commission (SADC) Regional Strategic Action Plan for international water resources management , aiming at fostering cooperation and equitable sharing of benefits of the shared water courses in Malawi and Tanzania. |
| Project Description | DES-The Songwe River Basin Development Programme (SRBDP) aims at implementing a multi-sectoral solution to capitalize on the opportunities available in the basin and enhance adaptation to climate change , mitigating its adverse environmental impacts and the resulting effects on food production .
